

## What type of Roku Kit should I reserve?

If you have Wi-Fi available in your home, please reserve and check out Roku devices without a MiFi hotspot. If you do NOT have Wi-Fi in your home, please reserve a Roku kit with a hotspot. (All Hulu capable Roku devices and Netflix capable Roku devices circulate with hotspots. Connect to the hotspot whether or not you have Wi-Fi.)

## Checkout & Usage Guidelines

### Checkout Guidelines:

- + Roku can be placed on hold and checked out for 14 days. Rokus are renewable if there is no one on the waiting list.
- + One Roku device per library card.
- + Borrower must be 18+ to checkout Roku devices with a valid BRL card in good standing.

### Usage Guidelines:

Users must have Wi-Fi to be able to use the Roku devices. If not, users can check out a Roku + MiFi Kit.

Use of the Roku devices is subject to the Terms of the Blackwater Regional Library Technology Use Policy.

**PLEASE DO NOT LOG OUT OF STREAMING SERVICES.**

## Streaming Services

Not all of the streaming services are available on every device.

Currently the bundled choices are:

- **Hulu**
- **Apple TV and Acorn TV**
- **Max (HBO) and Peacock**

## How to Connect

1. Connect the device using the HDMI cable to a HDMI port in your TV or computer.
2. If you are using the included Mifi hotspot, power it on BEFORE powering on the Roku device.
3. Connect the Roku power cable (USB-A to micro) to the device and connect the USB-A side of the cable to the power adapter to plug into the wall. Alternately, you can plug the USB-A side directly into a USB port is available.
4. Once the device loads, use the Roku remote to navigate down to the 'Settings' option.
5. Go to 'Network Connection.' You should see a list of available Wi-Fi networks.
  - If you are using the included MiFi hotspot, it should automatically connect to the hotspot. If not go to 'Settings' and select it as your network: BRL Roku and enter the password: 12345678.
  - If you have available Wi-Fi, select your home network and then enter your password.
6. Once you are connected to Wi-Fi, you can hit the Home button on the remote and will be able to navigate to any of the streaming services or other channels.

## Disclaimers & Notices

Parents or guardians are responsible for any information and video content selected or accessed by their children available on the Rokus devices. Parents or guardians are strongly advised to remain with their children while they use the device.

Blackwater Regional Library is not responsible for any damage to users' personal devices or equipment while using the Roku device or for clearing stored data from a Roku after it is returned.

Users are not permitted to add, purchase, or delete any channels or content through Roku devices or streaming services.

Any attempt to alter data or the configuration of the Roku devices is strictly prohibited and may be considered an act of vandalism and subject to full replacement cost value.

Roku devices may get warm while streaming which is normal. However, if a message appears on your screen stating that the device is overheating or the blue power light on the front of the device turns red, power down the device and unplug for at least 10 minutes or until it reaches approximately room temperature before powering the device on again. If the problem persists, please contact the library.

## Terms & Conditions

Roku devices are completely free to borrow.

All Roku kits must be returned inside any BRL location, not in the dropbox, with all accessories when due. Failure to return the device and all accessories may result in a charge to the users account.

\$60 replacement fee for entire Roku (device and accessories) + \$10 processing fee

\$90 replacement fee for entire Roku + MiFi (devices and accessories) + \$10 processing fee

After being billed, the user may return the full Roku kit, or Roku + MiFi kit, in good, working condition and all fees will be waived.

By checking out a Roku or Roku + MiFi kit, you agree to these terms and conditions, and the library reserves the right to rescind checkout privileges if they are not followed.

**IMPORTANT:** Overdue Roku devices, and accompanying MiFis, will be disabled after 24 hours if the kit is not returned by the due date. Once the kit is declared lost after 6 weeks, the charges for the kit will be applied to the user's account.
